

THE SAME PROCESS ONLY SMARTER.

From manual work to reliable automation

KUMATECH
WE MANUFACTURE YOUR LOGISTICS

1 Manual transport

A pallet from A to B.

- Physical strain
- Loss of time
- Risk of damage
- Not scalable

2 Automated transport with a Pallet Jack

The same movement. Without manual work

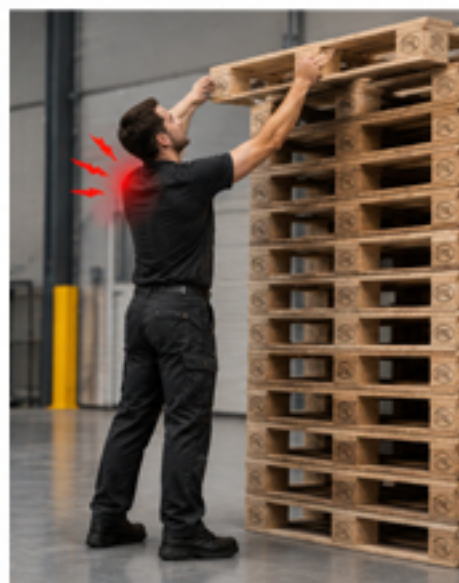

- Keeps moving
- Always available
- Safe and accurate
- Scalable and efficient

3 Lifting pallets? That's no longer necessary

Prevent injuries and work more safely

Back strain

Overexertion

Pinches and splinters

4 Automatic pallet availability

A Pallet Dispenser ensures a constant supply and removal of empty pallets, without any physical strain.

- Pallets always available
- No lifting
- Working more safely
- Supports a continuous process

LESS MANUAL WORK. MORE FLOW.

ROBUST / ACCURATE / RELIABLE
